TANGENT PEBBLE MAX

Compact design - great sound

Tangent's new Pebble Max offers great sound from a small and convenient portable speaker with clear vocals with deep bass at levels normally only expected from much larger speakers.

Water Resistant

The new Tangent Pebble Max can handle any kind of weather as well is the perfect speaker for the bathroom, next to the pool or on the beach.

Wireless audio in special class

Tangent's new Pebble Max hides multiple speaker drivers, providing amazing multi-directional sound. Simply connect wirelessly via Bluetooth or an AUX cable (mini jack) for convenient and easy portable listening. If you have two units you can have True Wireless Stereo via Bluetooth

Built-in microphone

For added convenience when using with your smartphone, the Tangent Pebble Max also has a built-in microphone, so you can use it to make hands-free calls or attend conference calls for business use.
